

# LUA CHEIA

## With New Image

Lua Cheia-Saven has been producing wines for more than 10 years and during this time the winery has been working to grow its reputation as a producer of quality wines.

With the awareness of the constant market modifications as well as the customer needs, Lua Cheia-Saven presents the new image of the Lua Cheia Brand, D.O.C. Douro wines with an excellent value for money.

The new 2022 vintages of the white and rosé Lua Cheia are already available and in the following months, the new 2021 vintage of the red will also be available with the new image.

Lua Cheia's new image hopes to appeal to consumers as being more approachable and modern, while continuing to maintain the premise of quality and character of the wines produced.

In addition, Lua Cheia-Saven also has launched a new wine from Maria Bonita range - a Rosé wine of the vintage 2022.

Maria Bonita Rosé Vinho Verde D.O.C. is produced from Espadeiro grape variety and presents a pale pink colour. On the nose shows a nice aromatic intensity, with notes of raspberry and strawberry. Well-structured taste with a perfect balanced acidity. Fresh and complex with long aftertast.
